Post Graduate Program

Purpose:

Our Post Graduate Program was created for recent college graduates who have not had the opportunity to complete an Internship in the Financial Services Sector, but would like to "test drive" the field before making a career decision. It is a hybrid program, combining aspects of both an Internship and the responsibilities of a full-time advisor, which will allow graduates to gain the licensing, training, development, and professional experience before making a commitment to the career full-time. The challenges that come with starting a new career can be intimidating. With this in mind, the Post Graduate Program was developed to help ease the transition from student to business owner.

Qualifications:

Candidates must have just complete their undergraduate cirriculum by May 201 9. Recent Graduates must show strong leadership skills, oral and written communication skills, and have a passion to help and connect with others.

Internship Opportunities at MassMutual Pittsburgh

Get a taste of a career where you can make an impact while making an income and experience the benefits of being in business for yourself without the headaches and issues of running a business solely on your own. At MassMutual Pittsburgh, we believe that internships should provide you with real world experience. That's why the goal of our internship program at MassMutual Pittsburgh is to allow you to experience a day in the life of a financial advisor.

At MassMutual Pittsburgh we build our business and relationships upon the foundation of our core values: Respect, Responsibility, Accountability, Integrity, Loyalty, Discipline & Courage. Through these values we foster an inclusive environment where everyone works together in a collaborative environment toward the common goal of serving our clients and community.

Through our classroom style training sessions, one on one coaching and hands on field experience, we want to maximize your internship experience with our firm. Throughout the internship program you will learn how to take a client—beginning to end—through our financial planning process to understand how to develop a strategy that best fits the client's needs. Emphasis will be placed on the importance of networking and building relationships while becoming an entrepreneur and building the business you envision.

By the completion of our internship program, you should be able to effectively market yourself, communicate clearly and concisely in business conversations and understand how to work effectively with individuals, families, and businesses to help achieve their financial goals.

How to Qualify

To qualify for our internship program, students must be pursuing an undergraduate degree with an anticipated graduation of May 2021, or sooner. Students must have excellent communication skills, demonstrate leadership and have a passion to help and connect with others.

Who we are

MML Investors Services (MMLIS) is a leading independent broker-dealer and registered investment adviser offering investment and wealth management solutions tailored to help you achieve your individual financial goals.

MMLIS was founded in 1981 to assist MassMutual advisors in meeting the growing investment needs of their clients.

In July 2016, MMLIS acquired MetLife Premier Client Group's broker-dealer, MSI Financial Services, Inc., enhancing our ability to reach more clients with a wider range of financial solutions. The newly combined investment firm has more than $200 billion in assets under management.[1] MMLIS is ranked as the nation's 5th largest Broker-Dealer by total revenue.[2]

Financial solutions designed with your needs in mind

With more than 8,000 investment professionals, we offer an investment platform that features advisory programs, brokerage services, financial planning, and retirement plans to help meet a broad spectrum of clients' wealth management goals.

As MassMutual investment professionals, our advisors can also offer a variety of protection products including life insurance, disability income insurance, fixed annuities, and long-term care insurance.

The investment professionals – knowledge, trust, and flexibility

Your MMLIS investment professional may be both a registered representative, as well as an investment adviser representative, depending on the role they play in providing investment services throughout your financial life. They receive ongoing training and support to build successful practices to service individuals and small businesses – now and into the future.

Our knowledgeable investment professionals:

- Help you build, grow, and transition wealth through different life stages and for future generations.
- Assist you in managing the risks associated with inflation, market fluctuations, and varying economic conditions, depending on your financial goals and investment time horizon.
- Give you 24/7 access to brokerage account positions, balances, and transaction history through a dynamic digital platform.
